**Conduct Case Process/Conduct Complaints**
The Conduct Case Procedures (Procedures) will be used to process all matters concerning possible violations of the standards in the Pharmacy Technician Certification Board (PTCB) Code of Conduct. This Policy applies to individuals certified by PTCB (certificants) and all individuals seeking PTCB certification (candidates). The Procedures represent an informal process for the resolution of all PTCB conduct matters. A party may choose to be represented by an attorney during a conduct matter at his/her own expense.

The complete Conduct Case Procedures are available in Appendix A.

**Credential Appeal Process**
The Certification Appeal Procedures (Appeal Procedures or Policy) will be used to review and resolve appeals and challenges concerning PTCB program actions related to certification requirements and eligibility standards. The Appeal Procedures serve as an informal process for the resolution of all complaints concerning PTCB determinations related to certification eligibility, examination, and other certification and recertification matters. This Policy applies to individuals certified by PTCB (certificants) and all individuals seeking PTCB certification (candidates).

The Appeal Procedures provide three (3) levels of review concerning the appeal of an adverse action: an informal review and determination by the Executive Director & CEO an appeal to the Certification Council Appeals Committee; and, a limited right of appeal to the Board of Governors. A complete version of the Certification Appeal Procedures is available in Appendix B.

**Exam Challenges**
The primary mechanism for candidates to challenge the accuracy of exam content on any PTCB Certification exam is to comment within the exam itself. Candidates can comment on any item during the exam. PTCB and subject-matter experts review all candidate comments prior to the release of official scores. In extremely rare circumstances, the review of candidate comments may result in candidates receiving an official exam result that differs from the preliminary result provided at the end of the exam. Candidates who wish to challenge the accuracy of exam content after the exam is completed (i.e., did not
comment within the exam), must submit their challenge according to the Certification Appeals Procedures within 30 days following the administration of the exam.
